The Saint Boniface Way

Our call to **hospitality** is to become like JESUS, the perfect host, and treat each person as a guest.

The **Sunday Experience** provides an unforgettable encounter with JESUS CHRIST that feeds and renews our community in order to deepen our relationship with our Lord.

The path of **discipleship** is our intentional way of following JESUS, the Good Shepherd, into a deeper covenantal relationship with GOD.

Our call to evangelization is to proclaim JESUS CHRIST to all the nations by our words and actions, inviting them to a relationship with Him.

What is Evangelization?

Evangelization is the Church's deepest identity and central mission. All baptized believers are called to bring the Good News of salvation into every situation, seeking conversion by the work of the Holy Spirit. This is the very task Christ gives us out of love for all people in every corner of the world.

Evangelization is being in relationships where we can share our faith journey with others every day. This includes inviting others to a personal faith experience and witness to the meaning of faith in everyday life.

Evangelization is the process of transforming our own lives, which then overflows into society and all of human existence. We can learn to speak out, reach out, live, pray, serve, and share the Gospel message with all those we meet.

Evangelization is developing the skills to share our personal faith story in and with our daily choices. This includes reaching out to those who are not participating, not responding to enrichment invitations, and even those who avoid this conversation.

Pope Francis tells us evangelization is a full contact sport, it is difficult, it is painful, but it is our duty as Christians to be a part in healing our world. To be a Christian is to evangelize!
